Additional Information: *"where there's a will, there's a way" ~ a proverb that dates to the 1600s that means if someone has the desire and determination to do something, he or she can find a method for accomplishing it. By following the successful model of a Tree, the Jazz for Peace Empowerment Grant provides a "way" (in the form of a "Helpful Step Forward") to outstanding causes, organizations, small businesses, and artistic projects (over 850 so far) who in turn have the "will" to get from where they are now, to where they need to be.*

Do you have any questions?

Additional Clarification - As you can see from this brief Q&A from an actual Grant Candidate [HERE](#), perhaps our most popular FAQ is “This sounds [too good to be true](#)”. However our modus operandi is quite simple and that is to assist (and thereby empower) each and every recipient to be able to confirm their event “with funds already raised for them and IN their bank account” following the Easy ABC Steps located at the link above. And the best part is, this is only the very beginning of the sustainable fundraising process. Next Step: Complete Easy Letter A in Minutes at the link above, simply by watching the 3 minute video, then clicking on and reviewing our cultural-leader page which gives you enough information about Jazz for Peace™ to submit your comment to us by email. This comment functions as the SEEDLING thereby beginning the growth of your Empowerment Tree.

"I take this opportunity to thank the Jazz for Peace Organization for granting me the opportunity to participate in your Grant Program. I love jazz music and so seeing this group of jazz artist using their music in such a special way was so so Amazing. and so Touching. Peace is a human right that sometimes becomes scarce due to conflicts arising from how we share the available resources in the world. By helping Global communities with funding to support their people through various projects, your organization is greatly contributing to building everlasting peace in the world since your funds will help alleviate poverty, injustice, environmental degradation, inequality, disease and other social ills that bring conflict in the world. I strongly support this organization which is a gift from Rick Della Ratta and Jazz for Peace to the People of the world." ~ Joram Mathenge Executive Director Kiangure Springs Environment Initiative KENYA -EAST AFRICA

"International Jazz Day could not happen without partners like Jazz for Peace...using concerts, community outreach and education programs to raise support and awareness for local and international charities...to promote charitable and service-based activities that help make a positive difference in the world...to unify and empower the vulnerable in our society....We are indebted to you..." ~ Herbie Hancock (Jazz Legend)
