How our Easy Funding Process Works:

Jazz for Peace Funding starts with a simple comment which we then turn into Funds! The secret of our success is to help each outstanding recipient to be able to confirm their event "with funds already raised for you and IN your bank account!" Once we have these funds IN your account via the confirmation of this concert, we will have a World Class Cultural Event that "cannot be canceled". This foundation is what will give us the strength to contact past, present and future sponsors; local businesses; major corporations; new & prestigious supporters; gain local, national and international publicity and awareness; as well as other types of fundraising techniques to personalize the event and make it unique from every other - just as we have already done for [over 850 others](#) (scroll down to testimonials) as you just saw for your very own eyes in the video above!

Summary: Simply send us an email with your comment of anything you want to say based on your review of any of the information above to info@jazzforpeace.org and our Grant Administration Team will take you the rest of the way from there!
