By providing all of the funds, staffing and expertise to put on a World Class Cultural Event "At No Cost to You!" the Jazz for Peace Empowerment Grant has given over 800 outstanding organizations a "Helpful Step Forward" which they would otherwise not be able to afford the cost and financial risk of nor provide the expertise to make successful.

In addition, by making this service a GRANT and not a "Fundraiser" we do NOT have to deduct all of our expenses first before giving you funds and are therefore able to give our recipients funds on a sliding scale upwards from the very first ticket sold along with numerous additional fundraising techniques and knowledge such as sponsorships, etc that we have learned along the way and are happy to share with you to take forward.

This important element not only guarantees to raise money but also enables us to raise maximum funds for our recipients while at the same time providing all of the other equally important "Branches" of our Empowerment Tree ([www.jazzforpeace.org/tree](http://www.jazzforpeace.org/tree)) for a sustainable future.

Please take a look at this tree and decide if your organization is also like our previous recipients ([www.jazzforpeace.org/testimonials.html](http://www.jazzforpeace.org/testimonials.html)) and in need of the publicity and awareness, new friendships and partnerships, new sponsors, prestigious and celebrity supporters etc. that this Grant provides.

If so then please feel free to apply for this acclaimed Grant that has been hailed as "The most significant cultural event of our time!" by supporters such as President Obama, Secretary of State Clinton, Senator McCain, Congressman Kucinich, Mayor Bloomberg, Consumer Advocate Nader and so many others.

Should your application be chosen we look forward to the opportunity to make this funding award a positive and memorable experience for you and your outstanding cause!
