Dear Friend,

In addition to helping over 850 of the worlds most outstanding causes as the Founder of Jazz for Peace and amassing 7 unprecedented achievements in Jazz over the course of his career, there are a zillion awards that this artist has won.

I'm just going to single out one for you right now, and the reason I'm going to do so is because this award was given in 1997.

1997 NYC Back Stage Bistro Award Winner - “Outstanding Singer/ Instrumentalist.”

Here is a song that validates why this artist should have been HEARD by everyone one time during his lifetime.

Smile

I could give you thousands of songs as well. Thousands of songs (NEW! After the Gold Rush & 2 versions of Imagine) …. Thousands of awards.

But what I have is much better news than all of that.

This artist is:

STILL ALIVE.

Please let me know what you think about this extraordinarily amazing fact for us to be able to present him one time for you during his lifetime.

Please also let me know if you need more Awards and more Songs. I'll be happy to provide them.

Regards,
Debra - Hear a Great Artist during his lifetime Agency
