IN ONE SIMPLE SENTENCE ~ Solve the problems of a “Trickle Down” economy by introducing a “Trickle Up!” counterpart where the world's most dedicated causes get the money FIRST (in the form of “TRICKLE” - the Worlds FIRST Philanthropic Currency) instead of last and when they use it to solve those problems the money “Trickles Up!”

Jazz for Peace™ Philanthropic Token White Paper

How an authentic Jazz for Peace™ philanthropic token donated to Grant recipients by Jazz for Peace™ as part of their funding award can significantly increase funding in the near term as well as multiply it many times over in the long term.

Received 01/25/21: "Wow your project is heart warming ❤️😄" ~ Shreejita Francis - New Delhi, India

January 25, 2021

1) Executive Summary

By offering more than just funds, Jazz for Peace has long been an organization with a reputation for EMPOWERING (rather than enslaving with funds only) the worlds most outstanding causes, organizations and cultural projects with a helpful step forward in each of these essential areas:

1. EXPAND your Donor and Support (Fan) Base
2. Thank, reward, honor and REJUVENATE the supporters you already have.
3. Obtain more Sponsors!
4. New & PRESTIGIOUS supporters.
5. Greater Publicity and Awareness.....

6. **And last but not least – to be better FUNDED.**

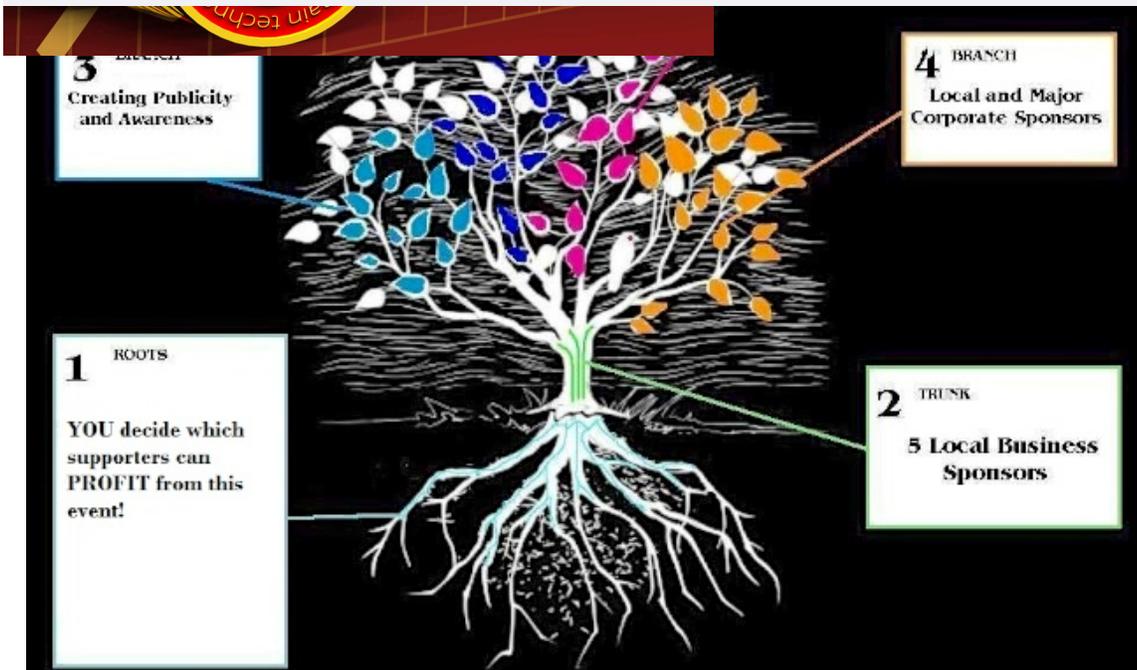

To help us achieve this already acclaimed "Helpful Step Forward" for outstanding Grant recipients in greater ways than ever before, and in doing so enhance every aspect of your funding award, we have now unveiled the Jazz for Peace Authentic Philanthropic Token.

2) The Opportunity

These tokens, already trading as currency in some countries in return for philanthropic goods and services, will continue to be distributed free to outstanding causes who will then along with our team's guidance, be able to use them immediately when applicable in the near term as well as profit from them in far greater ways in the future once an ICO (initial coin offering) has been released and the tokens become available to trade on Crypto monetary exchanges.

Token Jazz for Peace Authentic Philanthropic Token ⓘ

Tokens will be awarded to upcoming outstanding recipients who complete the [Easy Steps Process](#) for funding approval which has so far included over 850 outstanding causes, organizations and artists and will be administered by members of our Award Winning Grant Administration Team.

With distribution having already started on a first come - first serve limited basis, the greatest opportunity for you to accumulate this token is actually right now for the following reasons:

- A. Other than the very small transfer fee commonly known as “gas” and which is paid directly to Ethereum - the token, at this very moment (provided that you are a philanthropic or truly outstanding cause, organization or cultural project) is **Absolutely FREE!**
- B. This limited amount of FREE Tokens will only be distributed specifically for philanthropic purposes between now and the day of the Jazz for Peace™ ICO (Initial Coin Offering), provided that we do not run out of the allotted amount sooner.

C. **Amazingly**, there is ALREADY a demand for these tokens RIGHT NOW in return for in kind donations and services. WHY? Because:

#1. After 20 years of making history with over 850 events around the world, from our very first all the way to this recent LiveStream, Jazz for Peace has become a trusted name in philanthropy that not only does what they say, but often exceeds those lofty goals. Multiply that times over 850 and include just about every city, state and country around the world, and it would not be surprising if even you yourself or someone you know has already heard the name Jazz for Peace. (Have you?)

With over 2 decades of unprecedented achievements and name recognition behind us, there is MUCH more incentive to do a good deed for one of our previous, current or upcoming Grant recipients and receive our coins during this limited time and availability **absolutely free** than it would be to go onto one of the exchanges and pay money for others that you may or may NOT have ever have heard of knowing that they could immediately go up - or DOWN - in value.

#2. Anyone who knows anything about cryptocurrency knows that such a rare opportunity like this one will never exist again once this coin is released to the general public and market makers of crypto exchanges.

#3. Once the Jazz for Peace Token becomes listed and traded in the hands of the public, there is simply no way to predict what the limits could be, as is no better exemplified than THIS EXAMPLE of a person who lost his hard drive in 2013 only to learn that the coins he had in it are now worth over 300 Million Dollars. It is this real yet ultimately unknown potential that when added to everything this Grant already offers, makes this giveaway so appealing to our current and future partners and Grant Recipients.

#4. Our Easy Steps Program to obtain not just these tokens, but ALL of the benefits of this Grant REALLY IS as easy as our previous recipients say!

In fact, you're probably already thinking our most frequently asked question which is that "This sounds too good to be true!".

So please go ahead and review these answers now in the hyperlinks above!

#5. **Our Award Winning Jazz for Peace Team!** - which not only handles oversight of this amazing token and our goals for it to appreciate in value for many years to come, but also helps each outstanding cause, organization, and cultural project to succeed - EVERY STEP OF THE WAY!

3) Our History - below is how JFP reached the point where we could successfully issue our own unique philanthropic token.

On September 25, 2002 Jazz pianist and vocalist Rick DellaRatta was invited to lead a band consisting of Israeli, Middle Eastern, European, Asian and American Jazz Musicians in a concert inside the United Nations for an International audience in what is now considered one of the significant cultural events of our time. Rick named this band JAZZ FOR PEACE™ and has since performed over 850 Benefit Concerts to raise funds, publicity and awareness for outstanding organizations in need worldwide. In addition Jazz for Peace performs educational programs bringing music and Jazz back into the schools and donates musical instruments to underprivileged children. Jazz for Peace concerts have featured Rick DellaRatta along with such notable jazz artists as Paquito D’Rivera, Victor Lewis, Lenny White, Eddie Gomez, Dave Valentin, Ray Mantilla, Rick Margitza, Carlitos Del Puerto and many others. In addition, Jazz for Peace transcended

the normal conventions of Jazz when Mr. DellaRatta Jazz influenced orchestral composition "Permutata" was recorded by the London Symphony Orchestra.

"You are AMAZING!....and the show was incredible. Thanks, Rick!" ~ Caffè Lena

Our Immediate goals :

- To continue our benefit concert series which has raised funds and awareness for over Organizations which we have listed on our website as well as created the foundation for further collaboration.
- Expand Jazz For Peace™ Concerts to other Cities, States, and Countries.
- Help to bring music back into the schools and Jazz into schools (many for the first time) so that children of today will gain the exposure, understanding and acknowledgment of America's greatest art form that previous generations did not have.

4) The Solution

Our studies have found that there is both an abundance of 501-C3 non profits and other outstanding causes, and an equally confused donor base that has little or no idea how to tell one from another.

In order to address this issue, the Jazz for Peace Empowerment Grant provides all of the funds, staffing and expertise to put on a World Class Cultural Event "At No Cost to You!" to those deserving of far greater funding and recognition than the average charity and has so far given over 800 of these outstanding organizations a "Helpful Step Forward" which they would otherwise not be able to afford the cost and financial risk of nor provide the expertise to make successful.

The Jazz for Peace Empowerment Grant helps to Separate the Wheat from the Chaff by exposing to the public organizations that have real people, real Board members, real supporters and real volunteers who want to make a real difference as opposed to a fancy web site with minimal substance trying to use images and text to wrangle donations. Our events give the public a chance to meet the people who serve on boards rather than just sit on them along with founders, directors, staff, volunteers and many others associated with each outstanding cause we celebrate who are really trying to BE the change they want to see in the world.

In addition, by making this service a GRANT and not a "Fundraiser" we do NOT have to deduct all of our expenses first before giving you funds and are therefore able to give our recipients funds on a sliding scale upwards from the very first ticket sold along with numerous additional fundraising techniques and knowledge such as sponsorships, publicity and awareness etc. that we have learned along the way and are happy to share with you to take forward.

This important element not only guarantees to raise funds but also enables us to provide all of the other equally important "Branches" of our Empowerment Tree (www.jazzforpeace.org/tree) for a sustainable future as detailed below in:

The Essential Components Of This Grant.

A. This Grant Provides: The acclaimed World Class Cultural Event at no cost to you along with our proven track record to **EXPAND** your vital donor/support/fan base, as well as thank, reward, honor and rejuvenate the supporters you already have as well as:

B. "The Truly Essential Secret of our Success!" giving US the opportunity to help you GROW your EMPOWERMENT TREE. This includes the vital staffing,

experience, advocacy and event coordinating expertise and guidance necessary to grow the [seven sustainable fundraising Branches](#) of your Empowerment Tree that have made this event so unique and so helpful in the very words of our Grant Recipients; bring your organization into the periphery of those who need to know about you (“separating the wheat from the chaff”); allow us to share our wealth of knowledge, tips and techniques that we have gained from this extraordinary journey with you; and in doing so provide a much needed “[Helpful Step Forward](#)” for your outstanding cause. **Along with the opportunity to.....**

C. “Confirm Your Event [With Funds Already Raised](#) for You!’ AND watch your Empowerment Tree Grow with 100% of all funds from this confirmation point forward going straight to you from both tangible (ticket sales, sponsorships etc.) and long term sustainable growth (new and prestigious supporters, local-national-and international publicity and awareness, etc.) as we implement and share with you our proven program along with the fundraising techniques, reputation, experience, advocacy, guidance and event coordinating expertise to help you reach your goals – not only in the short term but for many years to come.

D. Easy to obtain with just one simple step: “Help Us [Plant the ROOTS](#), so we can GROW your [Empowerment Tree!](#)”

For those in need of a Helpful Step Forward to get from where they are now to where they need to be, Jazz for Peace™ provides Empowerment Grants, sustainable funding and advocacy for non-profits, organizations, outstanding causes and cultural projects worldwide to enable them to be more productive and successful.
